Airline/Flight Information

Date of Arrival: _____   **Departure Airport:** _____

Airline: **Flight/Tail#:**   **Time of Arrival:**

My pet will be flying (*please check one of the following*):

- ☐ **In Cargo Unaccompanied** (There will be an owner/handler dropping off @ the mainland cargo terminal and owner/handler picking up @ the KOA cargo bay. There will not be an owner/handler on the same plane.)
- ☐ **In Cargo Accompanied** (An owner/handler will be on the same flight as the pet. The pet will be flying under the plane and will be checked in at mainland cargo terminal with owner/handler picking up @ KOA cargo bay.)
- ☐ **In Baggage** (An owner/handler will be on the same flight as the pet. The pet will be flying under the plane and be checked as baggage at the ticket counter.)
- ☐ **In Cabin/Service** (The pet will be flying in the cabin with an owner/handler.)

Agriculture inspections for Direct Release require our staff to perform a thorough inspection of your pet(s). This includes handling and inspecting their feet, ears and mouth. For the safety of our staff and your pet(s), if your pet(s) is/are unable to be handled in this manner, please advise our staff prior to the inspection so that we can arrange appropriate precautions.
